</table>

**Starrett Unified Shank® Jig Saw Blades**

- fit machines made for either universal and Bosch-style shanks.

**bi-metal unique® Saw Technology**

- provides 170% greater weld area that resists tooth breakage for longer life and faster cuts.

**Starrett Dual Cut® Jig Saw Blades**

- have teeth that cut in both directions for a burr-free cut on both sides of the work piece.

---

*Length with shank is about 1" longer*
