

IntenssTM PRO-VTH

Replaces Gladiator Pulsator

A high performance bi-metal band saw blade with a uniquely designed tooth edge that allows the teeth to cut in a fast pulsating action.

- ▶ Ideal for the production cutting of exotic and nickel based alloys, high hardness steels and other solids.
- ▶ Aggressive "surging" cutting action created by variable tooth height and set.
- ▶ Ground teeth for maximum blade performance.
- ▶ Excellent heat and wear resistance.
- ▶ Triple tempered M-42 cobalt high speed steel teeth combined with a fatigue resistant alloy steel backing strip.
